**NCC INSTITUTIONAL
CERTIFICATION PROGRAM**

The NCC Institutional Certification Program (ICP) offers institutions the opportunity to evaluate their health care providers' specialty knowledge and competencies through a third-party validation process.

ICP provides the convenience of testing within your own institution and allows any combination of NCC exam specialties to be tested at the same time.

Benefits of NCC Certification:

- A nationally recognized credential
 - Competence validation
 - Personal and public recognition
 - Risk management tool
 - An integral part of patient safety initiatives
-

Benefits of NCC ICP:

- The test site is at your institution.
- Employees won't have to travel.
- You can choose your institution's test date.
- Any combination of NCC exams can be given to meet the minimum participation requirement of 25 examinees.
- Institutions with 100 or more participants earn a discount of exam fees.
